CITY OF TRUTH OR CONSEQUENCES MUST REPENT PART 13

Aren't the globalists - from 'school teachers to the highest offices' - doing everything in their vain-imagination(s) to destroy the traditional Western Christian principles which our nation's founders and God gave to We the People as our heritage? Please Father God, in Jesus' name help us prepare, so that we can preserve our heritage and our covenant with you Father through our Lord and Savior: Amen.

The many usurpations that confront us today are all premeditated criminalities! They stem from the fallen-nature of government itself, both against foreign nations and now against the American people themselves, through massive invasions of our liberties. Fueled by an out-of-control usurious banking system, the American State has become in essence captive-ghouls of every destructive ideology!

Traitor-Joe has intentionally destroyed the American immigration system through the manipulation of DHS policies and laws. Never before in American history has our confederation-of-nations states been invaded by millions of combatant-age-foreigners, all with the encouragement and direct \$2,200 to \$15,000 monthly monetary assistance of the United States government and NGO traitors!

I estimate over 7,000,000 illegal aliens have been fraudulently released into our nation. Another 10,000,000 have absconded undetected because hundreds of miles of the southern border are open!

Once the Deep State is destroyed, our Constitutional America will yield the freedom and prosperity for all of us! Unlawful 4th, 5th, and 6th branches of government have weaponized our growing surveillance-state to manifest as the mal-administrative-state, the unholy-marriage between federal law enforcement/intelligence, Big-Tech/Pharma, and the vastly powerful non-profits.

The ultimate authority, wherever the derivative may be found, resides in 'We the People' alone. Globalist(s) work the destruction of nation-states worldwide!

These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands by it now, deserves the love and thanks of man and woman. Tyranny, like hell, is not

easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph." -Thomas Paine

VETS DESERVE RESPECT

It's always alarming when we see our Veterans not getting the respect or attention they deserve. This can come in many forms, but one that caught my attention recently is the VA Administration deciding to put in a rule that would essentially cut reimbursement rates for Veterans ambulance service. This is going to have a tremendously negative impact that will certainly endanger the lives of those who have served our country.

By cutting reimbursement rates, it places the burden on Vets to navigate emergency services on their own by paying for it themselves. Furthermore, with reimbursement cuts comes closures, and the few ambulance options for Veterans living in rural New Mexico may have to shut its doors.

I care for my husband, and it's stressful to think that after this rule is put in, we won't have an ambulance service if the need arises. That scares me, and it should scare our leaders as well. I plan to write to Senators Heinrich and Lujan about this issue, and I hope other Veterans and their caretakers do the same. This rule should not be implemented, and we need their help to accomplish it.

9/11 WAS AN INSIDE JOB!

I am shocked to see all who believe the government's official story about 9/11. Do you actually still believe that the Muslim terrorists in airplanes actually brought down the Twin Towers and Building 7? Building 7 was not even hit by an airplane!

In this editorial I will solely focus on the Twin Towers and Building 7. Here are some indisputable facts that prove beyond a reasonable doubt that Muslims in airplanes did not take down the World Trade Center Buildings.

#1 Burning jet fuel cannot melt steel. According to Richard Gage of the American Institute of Architects, jet fuel does not produce molten steel. Steel does not melt until 3,000 degrees Fahrenheit and the fires in the World Trade Centers caused by jet fuel only produce 1400 to 1600 degrees.

#2 Fires have never brought down a steel high-rise building. In all of the high-rise building fires prior to 9/11 the shell of the building was still in place. The buildings have never been decimated like the Twin Towers were on 9/11.

#3 Thermite was found in the molten steel at Ground Zero. Thermite is a high tech incendiary used to cut through steel. Gage says you had 4 to 6 inch layers of dust with thermite at Ground Zero. Gage then asks who

mation all agree that this was a controlled demolition.

Please check out the link below from our 9/11 Conspiracy page to verify all the facts I have listed. It is a powerful 7-1/2 minute interview with Richard Gage (Richard Gage Exposes 911 Hoax on Fox News) the head of Architect and Engineers for 9/11 Truth, that that will start you on your way to uncover the true FACTS behind the true destruction of the Twin towers and Building 7. http://www.johnthebaptist.us/jbw_english/documents/video_pages/vcn6_gage_foxnews_911.htm

After you view this interview then go to our 9/11 Conspiracy page to learn a mountain of more evidence that prove 9/11 was an inside job. http://www.johnthebaptist.us/jbw_english/documents/menus/menu_conspiracys_911.htm
