OTERO COUNTY THIRD IN ONE MONTH

In its meeting last Tuesday, the Otero County Commission became the third county in a month to adopt a resolution urging the state legislators of the United States to exercise their authority to call for an amendments convention under Article V of the United States Constitution, following Hidalgo and Colfax counties.

Public lands concerns, over-regulation and unfunded mandates were among the federally imposed issues that led to the commission's unanimous vote calling upon the New Mexico Legislature to address fiscal restraint, limitations on federal jurisdiction and power, and term limits on federal officials.

It was acknowledged during the meeting that the federal annual budget deficit is growing to more than a trillion dollars in 2024, while the exploding \$34.8 trillion national debt is accruing interest at the rate of \$1 billion each day. The commission asserted the NM legislature has the authority to do something about it, and it is time for them to rise to the occasion in a bi-partisan action.

Article V of the U.S. Constitution prescribes two methods for proposing amendments: (1) Congress by two thirds of both chambers, or (2) the legislatures of two thirds of the states by calling a convention of all 50 states. In both cases, any proposed amendments coming out of the process would require ratification by 3/4 of the states (38).

FOUR WORDS

A big part of our world today that is missing is four words in our private lives along with our Governments. From the halls of DC to the roundhouse, to dusty roads of the county to city streets of local municipalities. Those words are communication, transparency, honesty and faith.

Without these is why rumors and speculation run wild, even on the smallest issues that affect us all and costs us, also.

PRIDE MONTH SHOULD BE CONDEMNED!

As we enter into the second half of Pride Month, I ask myself where is the outcry against this abominable sin from the other social conservatives in Sierra County? We, at Mary's Little Remnant, have been visible at least one day a week at The Triangle in T-or-C with signs protesting Pride Month.

I have been writing county and statewide Republicans and telling them how easy it would be to condemn Pride month by mobilizing Republicans throughout the state to get out and protest. The problem is that the leaders within the Republican Party don't believe Pride Month should be condemned.

Let me remind Republicans that the current national platform of the Republican Party condemns homosexuality. It decrees that homosexuals should not be protected by anti-discrimination laws and thus should be discriminated against. And it says why - because anti-discrimination of homosexuals is "alien to America's history and traditions":

"We emphatically support the original, authentic meaning of Title IX of the Education Amendments of 1972... That same provi-

sion of law is now being used by bureaucrats - and by the current President of the United States - to impose a social and cultural revolution upon the American people by wrongly redefining sex discrimination to include sexual orientation or other categories...

They are determined to reshape our schools - and our entire society - to fit the mold of an ideology alien to America's history and traditions." (Republican Party Platform 2016, Title IX, p. 35)

Conservative Protestants have a concept called "Sleeping Churches". This is when a church is not active enough in condemning sin. How are the "churches" of Sierra County not "Sleeping Churches" when it comes to condemning Pride Month? Homosexuality not only goes against God's laws, but also the Natural Law that God puts in all people.

We know that most "Christian" churches are weak when it comes to judging the homosexual person. However, my question is, do these "churches" even condemn the sin of homosexuality and the LGBTQ agenda at all from their pulpits?

Look at how the Bible totally condemns this behavior.

Remember Sodom and Gomorrah!

"Thou shalt not lie with mankind as with womankind, because it is an abomination." (Lev. 18:22)

"If any one lie with a man as with a woman, both have committed an abomination, let them be put to death: their blood be upon them." (Lev. 20:13)

Romans 1:26-27: "For this cause God delivered them up to shameful affections. For their women have changed the natural use into that use which is against nature. And, in like manner, the men also, leaving the natural use of the women, have burned in their lusts one towards another, men with men working that which is filthy..."

St. Paul says not only those who do the act are worthy of death but also those who don't condemn the act as well.

"Who, having known the justice of God, did not understand that they who do such things, are worthy of death; and not only they that do them, but they also that consent to them that do them." (Rom. 1:32)

The problem is that if nobody condemns Homosexuality and the LGBTQ agenda, then children are going to grow up thinking it is okay and natural. Just like they tried to do last year at the school board meeting on May 8, 2023, Barbara Pearlman made a motion to pass the K-5 diabolical curriculum in Sierra County that said LGBTQ behavior is normal and acceptable. Thank God no one seconded the motion, so it died on the floor.

Unfortunately, the Middle and High School Curriculums passed, which glorifies LGBTQ behavior. During the meeting, I had to take a phone call outside. After the phone call, a teenage girl came up to me and said that she was considering becoming a lesbian but after reading our article condemning the Diabolical Curriculums, she said that she no longer wanted to be a lesbian and she thanked me for the article. This is an example of what St Paul calls "faith coming by hearing."

"Faith then cometh by hearing; and hearing by the word of Christ." (Rom. 10:17)

If you don't want your children to grow up thinking that the LGBTQ agenda is normal and acceptable then it is crucial for social conservatives to unite and condemn

I want to thank the people who continue to support me and have helped me with my dog Stephanie lately. It is because of you all, and God that I am still alive today after everything that has tried to bring me down.
